Translating Evidence based Knowledge  
to Clinical Nutrition Practice

## WELCOME MESSAGE

### Greetings from AICNU Organising Committee

The AICNU organising committee, after much contemplation, has made the decision to cancel AICNU's in-person conference scheduled for September 12<sup>th</sup> & 13<sup>th</sup>, 2020 at "The Westin Kolkata Rajarhat", Kolkata, India and replace it with a virtual, online event.

The health, safety, and well-being of the Dietetic fraternity is our highest priority. However, knowledge sharing is an important mission of AICNU. The 1<sup>st</sup> Virtual AICNU 2020 Conference will take place on the same dates —12<sup>th</sup> & 13<sup>th</sup> September 2020 — and will have many of the sessions as planned before. More details about the virtual conference will be posted on our website soon. If you have registered for the in-person conference, you will receive an email with additional information.

The theme of Virtual AICNU 2020 "Optimizing Nutrition in Health and Disease" will cover many areas related to Clinical Nutrition. This conference will provide an exclusive opportunity for all participants to discover how to create impactful strategies to adapt the best practices on how to provide nutrition support, and shift tactics with the changing landscapes to work smarter.

AICNU organising committee offers a spectacular program that includes current advances in Clinical Nutrition. AICNU's sustaining effort in knowledge sharing helps to enhance nutritional care and practice. We are happy to share the 1<sup>st</sup> announcement of the 12<sup>th</sup> AICNU 2020 (1<sup>st</sup> Virtual AICNU) Conference for you to block your dates and schedule your time.

We thank you for your commitment to AICNU, to the field of clinical nutrition, and to your patients.
